Experience

FULL-STACK DEVELOPER

TechCorp Solutions, Lyon (2022 – Présent)

- Developed and maintained web applications tailored to client needs.
- Designed dynamic user interfaces using React and integrated RESTful APIs.
- Built robust back-end solutions with Node.js and managed relational and NoSQL databases (PostgreSQL, MongoDB).
- Implemented CI/CD pipelines using Docker and GitHub Actions.

JUNIOR WEB DEVELOPER

WebInnovate, Lyon (2020 – 2021)

- Contributed to front-end and back-end development for client projects, including advanced features.
- Optimized web application performance by reducing loading times.
- Utilized Vue.js to create interactive and user-friendly interfaces.
- Collaborated with multidisciplinary teams to meet deadlines and stay within budget.
